REPRESENTATIVE WORK

- Serves as counsel in proceedings before the OMB, Joint Board, all levels of Ontario's court, and mediators and arbitrators.
- Represents public sector clients, including local and upper tier municipalities, school boards and hospitals, in planning matters throughout southern Ontario. For municipalities, cases typically involve higher level policy approvals and disputes at the OMB; for school boards and hospitals, most cases involve capital facility development approvals, planning or protection.
- Represents private sector clients in a diverse range of planning matters and development charge matters throughout Ontario, including submission of development applications; filing appeals; assembling consultant teams; negotiations, presentations and mediations; and committee of adjustment appearances, OMB hearings and cost sharing arbitrations.
- Prepares all forms of development agreements, including cost sharing, subdivision, site plan, pre-servicing and front-ending agreements, and unique forms of development agreements such as subway entrance connection agreements.
- Provides expropriation process and litigation services to expropriating authorities, typically municipalities and school boards. Sample municipal projects include local and regional transit and road projects; sanitary and water service infrastructure; and special projects and major assemblies such as Ataratiri, Yonge/Dundas Regeneration and Windsor urban renewal projects.
- Acts for landowners in expropriation claims against the Province, typically in

relation to Highways 407, 407 East, 400, 404, 427 and other Provincial highways.

- Provides legal opinions under the *Municipal Act, 2001* and other legislation governing municipal authority and action, particularly related to servicing and financing.
