BLG is committed to supporting you with your Continuing Professional Development (CPD) needs. We are pleased to offer ongoing virtual sessions throughout the year to help you fulfill your 12 hours of required CPD.

To wrap up this year's programming, we invite you to join [Hunter Parsons](#) and [Maya Pascal](#) for an important and timely presentation on cyberfraud.

Business email compromise and impersonation scams are increasingly prevalent in Canada and can inflict significant financial damage on companies and organizations victimized by these attacks. While recovery can be a difficult proposition, if the victim acts quickly, the stolen money can be identified, traced and recovered through remedies available under federal banking legislation and the Court.

Please join us for this presentation on the steps and remedies involved to recover losses arising from cyberfraud.

If you have any questions for our presenters on any of the topics highlighted above, please submit them when you register for the session.

We hope you're able to join us! Please respond by November 24.
