EnviroTech 2019

April 23, 2019
7:00 a.m. - 2:15 p.m. ET

Hyatt Regency Calgary
700 Centre St S E Calgary, AB, Canada T2G 5P6

Building on the success of the *WaterTech* series, the Environmental Services Association of Alberta (ESAA) is expanding its spring conference. *WaterTech* will now be known as *EnviroTech*.

The *EnviroTech 2019* program, running from April 23 - 25, 2019, will consist of a minimum of 50 platform presentations grouped into sessions chaired by environmental industry leaders. In addition to the technical presentations, the program will also feature panel discussions, a regulatory workshop and three professional development courses. The program will feature key components of the environmental industry including: air, alternative energy, climate change, laboratory, regulatory and waste management. BLG's Chidinma Thompson will be presenting at the conference.

April 24, 2019

10:30 a.m. - 11:05 a.m. — *Environmental Law Wars: Potential Impacts of the Federal versus Provincial Laws on the Environment and Climate Change*
Speaker: Chidinma Thompson, Borden Ladner Gervais LLP
